

[illegible]

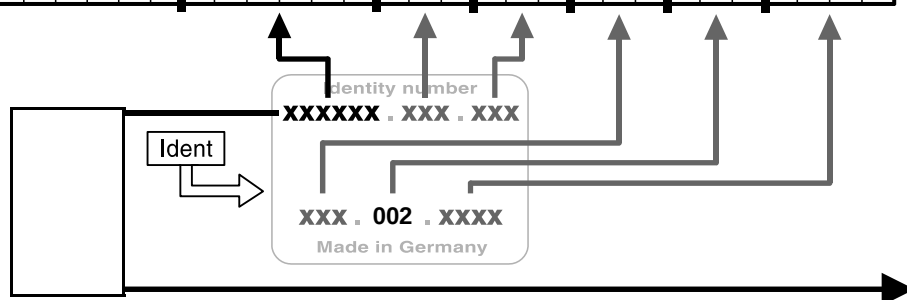

-

This exploded view diagram illustrates the components of a door assembly. The main parts include:

- 1**: Vertical trim or edge piece.
- 2**: The main door panel.
- 3**: Another vertical trim or edge piece.
- 4**: The door frame or jamb.
- 5**: A small rectangular component, possibly a hinge or latch part.
- 6**: A long, thin component, likely a handle or pull.
- 7**: A vertical trim or edge piece.
- 8**: A vertical trim or edge piece.
- 9**: A vertical trim or edge piece.
- 10**: A horizontal trim or edge piece.
- 11**: A long, thin component, likely a handle or pull.
- 12**: A small rectangular component, possibly a hinge or latch part.
- 13**: A small rectangular component, possibly a hinge or latch part.
- 14**: A small rectangular component, possibly a hinge or latch part.
- 15**: A small rectangular component, possibly a hinge or latch part.
- 16**: A small rectangular component, possibly a hinge or latch part.
- 17**: A small rectangular component, possibly a hinge or latch part.
- 98**: A small rectangular component, possibly a hinge or latch part.

Dashed boxes indicate sub-assemblies or specific installation steps:

- A dashed box around parts **12**, **13**, **14**, and **15** shows a hinge or latch assembly.
- A dashed box around parts **16** and **17** shows a hinge or latch assembly.
- A dashed box around parts **14** and **17** shows a hinge or latch assembly.
- A dashed box around parts **14** and **17** shows a hinge or latch assembly.
