

[illegible]

- 
- A line drawing showing a sliding door being installed into a cabinet frame. The door is shown in a partially open position, revealing the internal track system. The frame is a simple rectangular box with a front panel and a back panel. The door is a solid rectangular panel with a handle on the right side. The track system consists of a horizontal rail on the back panel and a vertical rail on the front panel, with the door's rollers fitting into them.
