

This exploded view diagram illustrates the components of a door assembly. The parts are numbered as follows:

- 1**: A small rectangular plate.
- 2**: A curved mounting bracket.
- 3**: A vertical support post.
- 4**: A small rectangular cap or plug.
- 5**: A small rectangular component, likely a hinge or latch part, shown in two locations.
- 6**: A long vertical strip with four circular holes.
- 7**: A long horizontal strip.
- 8**: A long horizontal strip with a curved end.
- 9**: A long vertical strip.
- 10**: A set of three small pins or screws.
- 11**: A vertical strip with a label that reads "Ident".
- 12**: A long horizontal strip.
- 13**: A curved mounting bracket, similar to part 2.
- 14**: A large rectangular panel, likely the door leaf.
- 15**: A large rectangular panel, likely the door leaf.
- 98**: A set of three small pins or screws.

The diagram shows the assembly sequence: parts 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, and 98 are shown in their relative positions to the main door panels (14 and 15). Dashed lines indicate the assembly points for parts 5 and 10. The "Ident" label is positioned near part 11.
