

[illegible]

A diagram of a shower stall. It features a curved glass door on the right side, which is hinged at the top and bottom. To the left of the door is a fixed glass panel. The shower is set within a tiled enclosure with a tiled floor and walls. The door and panel are supported by metal brackets or clips.

This exploded view diagram illustrates the components of a refrigerator door assembly. The parts are numbered as follows:

- 1**: Vertical door panel with an "Ident" label.
- 2**: Curved bottom trim piece.
- 3**: Small plastic clips or fasteners.
- 4**: Small rectangular components, possibly gaskets or spacers.
- 5**: Curved bottom trim piece, similar to part 2.
- 6**: Vertical trim or gasket strip.
- 7**: Vertical trim or gasket strip.
- 8**: Vertical trim or gasket strip.
- 9**: Curved bottom trim piece.
- 10**: Long horizontal trim or gasket strip.
- 11**: Long horizontal trim or gasket strip.
- 12**: Small plastic clips or fasteners.
- 13**: Dashed box indicating a specific area on the door panel.
- 14**: Vertical door panel.
- 15**: Curved bottom trim piece.
- 98**: Small rectangular component, possibly a gasket or spacer.
