This exploded view diagram illustrates the assembly of a window unit. The components are numbered 1 through 8, with some numbers appearing multiple times to indicate different parts or locations. The diagram shows the following parts and their assembly sequence:

- 1**: Vertical frame or support rail.
- 2**: A small rectangular component, possibly a seal or spacer, with an arrow pointing to it labeled "Ident".
- 3**: A series of small circular components, likely screws or fasteners, shown in a vertical line.
- 4**: A small L-shaped bracket or clip, shown in multiple locations for assembly.
- 5**: A vertical frame or support rail, similar to part 1.
- 6**: A small rectangular component, possibly a seal or spacer, shown in multiple locations.
- 7**: A small rectangular component, possibly a seal or spacer, shown at the bottom left.
- 8**: The main window pane or glass unit, shown in two positions.

The diagram shows the window pane (8) being inserted into the frame (1 and 5) and secured with the fasteners (3). The various brackets (4) and seals/spacers (2, 6, 7) are shown being attached to the frame and the pane to complete the assembly.
